

## Crest Of A Wave

### *Intro*

All hands aboard boys,  
All hands aboard boys,  
The ship is calling for more.  
We getting ready,  
Now for a steady  
Pull away from the home shore.  
We off to find adventure any how.  
Because we know that now....

We're riding along on the crest of a wave, and the sun is in the sky.  
All of our eyes on the distant horizon,  
Look out for passers by.  
We'll do the HAILING !  
When all the ships around are sailing,  
We're riding along on the crest of a wave,  
And the world is ours.

### ~~Repeat Chorus~~

*Drum solo*

### *Intro*

Time for a journey  
O-ver the wide sea  
We want you to come along  
Cub, Scouts and Beavers  
And all the leaders  
Come join in and sing along  
We off to find adventure any how.  
Because we know that now....

We're riding along on the crest of a wave, and the sun is in the sky.  
All of our eyes on the distant horizon,  
Look out for passers by.  
We'll do the HAILING !  
When all the ships around are sailing,  
We're riding along on the crest of a wave,  
And the world is ours.

### **Repeat Chorus**
